A Hands on Approach

by anabridge

Summary

After years of watching Will's tight fitted pants and fantasizing about Will's muscular ass, Hannibal finally gets what he wants.

Notes

One of my many Hannigram threads on Twitter! Come say if you'd like! @hannabitchwill

Hannibal had spent so long fantasizing about the way Will's muscular ass would look between his hands, that when their relationship became sexual, he insisted on taking Will only from behind. Hannibal likes to see his thick cock slide into the tight hole between Will's cheeks.

He adored taking his time, stretching Will open with his tongue and his fingers before pushing into him. Will would lie helplessly across his desk in their office in Cuba, taking everything Hannibal would give him. Hannibal loved the way Will's firm, muscular cheeks would clench around him when he thrust deep. Will's cheeks would tremble as he pushed them apart with his hands.

So of course, like the experimenter he is, Hannibal decides one day to suck Will's cock and make him come before he stretches him open. And just as he anticipated, Will's legs shake beneath him. His thighs twitch and his hole clenches around his fingers so tightly that it pushes his knuckles together. Hannibal scoops up Will's release and uses it to ease the stretch of his fingers into Will. He doesn't take his usual route of carefully opening Will up.

After coming once already, Will remains plaint beneath him but still shudders with oversensitivity as he waits for the thick length inside him."Just fuck me already, Hannibal," Will begs as Hannibal uses his remaining release to slick his own cock before pushing inside.

Will is beautiful like this, a slight tremor passes through his powerful legs as Hannibal begins to thrust in and out quickly. Hannibal angles his hips and nails his prostate with keen precision, "Come once more for me, mylimasis? I know you can do it," Hannibal encourages.

Although Hannibal is close himself, he holds himself back and continues to fuck Will until he comes. He enjoys the vibrating tension of Will's lower body shaking gently beneath him. He adores the way Will's strong back braces for his second orgasm within the span of a few minutes.

Before he knows it, Will has sputtered his come across the papers on his desk. "Goddamn, Hannibal," Will moans as Hannibal pulls out gently, his semihard cock still dripping come. He turns Will over and gently traces his cock that is now coated with both their seed across Will's lips. And of course, like the cum slut he is, Will licks broad strokes across his sensitive tip before taking Hannibal deep into his mouth to swallow all the come that coats his cock. A glint of mischief twinkles in Hannibal's eyes as he watches Will.

He thinks that from now on, it would be a good idea to make Will come before he fucks him. If taking Will this way means that he gets this needy version of Will and gets to see that beautiful ass shake, then Hannibal will have to fuck Will like this over his desk exclusively.
